SCIENTIFIC CONSULTING***Moss Identification for Tennessee Agricultural Crime Unit*****Mar - Aug 2020**

In collaboration with E. Shershen and M. Oliver, we worked with Special Agent Kuehn to assist with identifying mosses/lichens confiscated as evidence in two cases. We maintained a chain of custody for these specimens, and also wrote witness statements and two reports about the identifications and value of the moss/lichen material. These cases are currently active and Budke has been called upon to testify.

Calyptra - Video Installation by the artist Elitsa Ganeva, from Veliko Tarnovo, Bulgaria.

Shown at the 2017 Nakanojo Biennale art festival in Japan.
